EXPERIENCE

Appventurez Mobitech, Noida — Sr. Software Engineer

May 2022 - PRESENT

Senior Software engineer skilled in AWS, Linux, Docker, NodeJS, React JS, Express JS, MySQL, MSSQL, and MongoDB.

Built scalable web applications on AWS (EC2, S3, RDS, Lambda).

Worked on MSSQL and MongoDB for efficient data management.

Implemented continuous integration and automated testing.

Led migration to microservices architecture for scalability.

Prioritized security and compliance in application design.

Mentored junior developers and fostered collaboration.

Conducted workshops on Javascript, NodeJS and AWS best practices.

Developed data preprocessing pipelines for clean and accurate datasets.

Automated model training and deployment with CI/CD tools like Jenkins or GitLab CI.

Ensured application security with encryption and access controls.

Monitored application performance using logging and monitoring tools.

Parth Technologies, Noida — Software Developer

AUG 2019 - May 2022

NodeJs for web apps, APIs, and automation.

Microservices for scalable applications.

Database experience: MSSQL, MySQL, PostgreSQL, MongoDB.

Front-end: HTML, CSS, JavaScript, ReactJS.

Version control: Git.

Cloud platforms: AWS.

Third-party API integration.

Unit Testing

SKILLS

Node.js

ExpressJS

ReactJS

Javascript

MongoDB

Postgresql

MySQL

AWS

Redis

Github

Lambda

Serverless

Unit Testing

Integration Testing

Ci/Cd

Deployment

Code Review

Rest API Design

LIBRARIES

Express, Socket.io

Async.js, Request

Ethers.js, Mongoose,

UglifyJs2, Jest,

Mocha, Chai,

Cors, Passport

Clean, documented, and optimized code.

Multer, Gulp

EDUCATION

IP University, New Delhi — *MCA*

JUL 2018 - JUL 2021

Symbiosis University, Pune — *BCA*

JUL 2015 - JUL 2018
